Picture Lecture Opening Series At Benson High

William L. Finley, naturalist, will open the "Saturday Morning Series" October 29 with a motion picture lecture on "Woods, Waters and Wildlife" in the Benson high school auditorium at 10:20 A. M.

Finley's pictures, photographed in various western centers, have been shown throughout the United States and, in several instances, have resulted in reclamation service attention.

Theme of the lecture and pictures features the necessity of preservation of the nation's outdoor resources.
