Dear Mrs. Ramp:

I have traced your certificate for the Samuel Ramp claim. It was mailed to Salem last week for signatures and will then be forwarded to the county judge. From there it will be returned to me and sent out to your home.

Yours was one of 9 certificates that were damaged in a mailing in October and had to be completely remade. I must apologise for not answering your letters, but pressure of time and the feeling that the matter would be cared for much sooner, caused my delay. I am personally responsible and am very sorry to have caused your concern.

The last mailing and signing on the certificates certainly will be finished before Christmas.

Very sincerely,

Judith Scharf

I believe you got word that the application of Mr. and Mrs. Willard F. Ramp was on the farm founded by Samuel Ramp. Actually, Willard Ramp is not dead certain that it was 1852 but he knows that it was about that time so, if you had something definite on the Sam Ramp claim last year, it might be well to recheck that date.

I am just back today from the Press Womens conference and post-convention tour and I can tell you that it is good news to me to find that the KGW TV program has been delayed until October.

We should soon determine what should go in the questionnaire to be given to the Century Farmers as they register at the Fair. I believe you have a rough copy of suggestions.

I hope you are having a good vacation--as I recall this was about the period that you would be gone.
